الاستجابة السريعة ضوئيًا لقراءة الرسالة بأكملها باللغة الإنجليزية أو العربية

Dear resident,

WormerWonen is upgrading the heating system in your apartment block, making it easier for you to control the temperature in your home. We have already sent you a letter about this. With this new letter, we are sharing more details in the information booklet enclosed. We are also hosting an **information session on Wednesday 20 March 2024**. You can find more information about this on the reverse.

**Quick overview: what is going to happen?**

We will be changing the radiators and pipes and improving your home's insulation. All in all, that should be a big improvement. After the work, you will be able to enjoy a more comfortable home that is ready for the future.

Currently, your apartment block uses gas for heating. This can be expensive and the price can be unpredictable. That is why WormerWonen plans to install heat pumps on the roof later this year. These pumps will provide 80% of the heat for the homes in the block. The only time gas may be needed to heat your home is on extremely cold days. We expect to have the new system running by January 2025.

Please read the booklet enclosed with this letter for more information about the changes to your home.

## Invitation: information session on 20 March

With these big changes, we want to keep you well-informed. We will therefore be hosting an information session on:

- **Wednesday 20 March at 19:00 (doors open at 18:45)**
- **at the Stoomhal, Pakhuisplein 44 in Wormer**

The contractor M&O Techniek will join us to explain what the plans are and what this means for you. We will be happy to address all your questions and comments. There will also be coffee, tea and soft drinks on us, along with a few tasty treats. We hope to see you there!

## Tour the show home

If you would like to know what the changes to your home are going to look like, all changes have been implemented in a show home at Koningsvarenstraat 278. We have arranged a few specific time slots when you can come and visit. A member of the project team will be there to explain things and answer your questions. To spread the visitors out, we have divided the home into three sections. For each section, there is a day when residents can visit, as explained in the timetable below. At these times, you can simply drop by. There is no need to register in advance.

<b>For whom</b>	<b>Day *</b>	<b>Time</b>
Residents of building 2, numbers 202–262	Tuesday 26 March 2024	16:00–18:00
Residents of building 2, numbers 264–322	Thursday 28 March 2024	18:00–20:00
Residents of building 2, numbers 324–392	Tuesday 2 April 2024	18:00–20:00

*\*If you are unable to visit on the day that applies to your house number, you can also drop by on another day mentioned above.*

### Any questions?

Make sure you join us for the information session on 20 March and ask us. If you are unable to make it, you can also visit the show home on the dates mentioned above. Of course, you can also contact us by email at [versnelling@wormerwonen.nl](mailto:versnelling@wormerwonen.nl) or call the WormerWonen customer service line, available Monday to Friday from 8:00 to 12:00 noon on 075 642 64 21.

Kind regards,

WormerWonen  
Josefien Ensdorff  
Public Housing Adviser
